

badgy

Evolis presents **Badgy**, the printer designed to let you easily make your own professional-quality color badges.

Badgy is a complete, simple and cost-effective solution for delivering personalized cards, in small to medium runs or individually.

THE AFFORDABLE CARD PRINTER

Badgy is ideal for instant issuance of visual identification cards:

- Employee badges
- Student IDs
- Member cards
- Loyalty cards
- Event passes
- Business cards

COMPLETE SOLUTION

With the Badgy printer, you have a **turn-key solution** including a professional plastic card printer, card personalization software, a color print ribbon and 100 blank plastic cards. In addition, a **free card template library** is available on www.badgy.com. Personalize the template of your choice with your own texts, logos, pictures, barcodes or create your own template.

EASE OF USE

You set up and use Badgy just like a **standard office printer**. Place the blank cards in the feeder tray, click print and your printed cards are delivered to the tray in front, **ready to use**. The online template library also makes it easy to design your own cards.

TIME SAVING

Get a color card in less than a minute! Badgy lets you print your cards instantly, individually or in volume. No more waiting, for you or your customers!

COST-EFFECTIVE SOLUTION

With a **cost-effective per-card print price**, issuing cards is affordable, even in small quantities. You can print **as needed, when needed**, in quantities that are right for you. Compared to outsourcing, your investment will pay for itself if you print just 200 color cards per year.

ENHANCED BRAND IMAGE

The Badgy printer produces **professional-quality** personalized plastic cards with your logo, which enhances the image of your organization. Impress your customers with **top quality cards**.

COMPACT DESIGN

Particular attention was paid to the design of the Badgy printer: with its clean look and its small footprint - smaller than a sheet of paper - it **fits seamlessly** into your workspace.
