Datamax-O'Neil is known around the globe for making the world's most reliable portable printers. Now you can receive the same quality and reliability from your printer supplies that you've come to expect from your Datamax-O'Neil printer. When you choose Datamax-O'Neil, you receive our proven commitment to superior quality. Quality that results in performance and compatibility...Guaranteed. The world's most reliable printers deserve the world's most reliable paper.

To ensure optimum performance, Datamax-O'Neil offers seven grades of thermal paper specifically designed for your Datamax-O'Neil portable printer. We cut and core our own paper to exacting specifications in order to ensure total compatibility. These papers are designed to support most thermal applications and, when used with our printers, can dramatically extend the life of the thermal printhead.

Seven Paper Grades

Standard - Quality & Economy

- Standard sensitivity, general purpose
- Clean, crisp, dark imaging
- Quality and economy

Premium - Darker, Crisper Images

- Higher sensitivity provides for the darkest imaging
- Ideal for barcode applications and printouts that require a premium look

Long-Life - 25-Year Guarantee

- Higher sensitivity provides for the darkest imaging
- Image life guaranteed to 25 years (under proper storage conditions)
- Excellent environmental resistance

Image Protect - Harsh Conditions

- Thicker, for the durability, feel and handling characteristics of bond paper
- Overcoat for maximum image protection and maximum image durability
- Excellent protection against moisture, oils, scratches and UV light

Hi-Temp - Heat Resistant

- Specifically designed to withstand high temperature applications
- Thicker, for the durability, feel and handling characteristics of bond paper
- Overcoat for maximum image protection and maximum image durability
- Excellent protection against moisture, oils, scratches and UV light

Heavy Duty - Premium Feel

- Thicker, for the durability, feel and handling characteristics of bond paper
- Higher sensitivity provides for the darkest imaging
- Ideal for barcode applications and printouts that require a premium look and feel

All-Weather Waterproof

- Film based (non-paper) that gives total protection against moisture – waterproof!
- Maximum strength and durability
- Higher sensitivity and smoothest surface provide for the best image quality
- Available as custom product only
