

## SIK 2500 the illuminated silicone keyboard

### Description

**Aggressive Environments** - Designed specifically for heavy use applications, PrehKeyTec keyboards continue to perform long after others have failed. Available in an alphanumeric layout, the PrehKeyTec SIK 2500 keyboard is well suited for industrial, hospitality, healthcare and other installations facing unfavorable environmental conditions. The silicone surface of the SIK 2500 makes this product resistant to lotions, oils and chemicals. This unit may even be operated while wearing wide range of safety or work gloves. The illuminated design allows the product to remain effective even in surroundings with low-level lighting by providing control of the level of light emitted from the keyboard as well as the duration of the displayed light.

### Functionality and haptic

- Acoustic feedback
- Red backlit keys
- Water resistant
- Wear resistant lettering
- Sensitivity adjustable

### Reliability

- >1 million operations per key
- Dust and spray proof
